FIFTEEN CENTS

WHILE MOST EVERYONE ELSE was busy bidding at the Lions Club auction, these boys found some shade under a nearby table and played with some of their new friends, three baby ducks. They are Ryan Tomashtik, 5, and Erik Williams, 9, of Antioch. (Photo by Sue Nasenbeny)

Lions raise money for Rescue Squad, blind

Beautiful weather, combined with good food and entertainment, Sunday afternoon made the annual Lions Club Picnic a big hit with everyone, from the adults' auction to the kids' puppet shows.

The chicken barbecue completely sold out, barbecue chairman Les Sorenson said, with 3,100 dinners sold, 1,550 chickens roasted and 2,500 ears of corn on the cob consumed.

HE EXPLAINED THAT he did not yet have the exact amount the barbecue raised to fund the Lions Club's activities for the community and the blind.

Auction chairman Jack Fields said the annual event probably raised a little less than last year, but the Lions Club should be able to donate about \$12,000 to the Antioch Rescue Squad for emergency equipment needed.

"Although it's not affirmed, the \$12,000 figure is still pretty good," he added.

HE SAID THE Hereford steer, donated by the State Bank of Antioch, drew the largest price of between \$900 and \$1,000. The County Fair 4-H hogs also brought in some of the highest figures.

With more than 2,000 attending the auction, Fields said it was again a great success.

For the youngsters who did not attend the auction, the picnic was loaded with games and entertainment, such as puppet shows, watermelon-eating contests, pie-eating contests, finding money in heaps of straw and an invitational swim meet to watch. Chuck Cermak arranged to have TV's Garfield Goose and the Muppets on hand.

And for those who just came to chat with their friends and munch on delicious chicken barbecue, the day could not have been nicer.

Emergency vehicles get 'green light'

It shouldn't be long now ... when Antioch's police, fire and rescue squads are hurrying to answer a call the traffic lights will turn green for them.

The system, known by its trade name, "Opticom," should be installed in the near future.

It will be used at the intersections of Lake and Main streets, routes 173 and 59, and route 173 and highway 83.

It might be expanded to future traffic lights if more funds become available.

ANTIOCH'S FIRE CHIEF, Charles (Tod) Maplethorpe, and Village Clerk Marilyn Sterbenz said Tuesday that a pre-construction conference is planned with Meade Electric of Chicago, which has been working with the state to get a permit for Antioch.

"It now looks like a 'go' situation," Maplethorpe said. The federal government is funding it as a result of a joint request by the village and township.

"This system, through the use of a

pulsating light on the vehicles, automatically provides a green light for the emergency vehicle," Maplethorpe said.

A unit in the traffic signal will override the regular traffic control system and keep the light at green, or return it to green, 15 seconds after it picks up the light. That gives other traffic a chance to stop.

"IT WILL ONLY accept a certain frequency of light," said Maplethorpe, so it can't be activated by pranksters with flashlights or other devices.

The traffic signal will pick up the pulsating light 1,000 feet from the intersection, so the light will be green when the police, fire or rescue vehicle arrives at the intersection.

Theft solved when suspect uses the coins

A theft to a coin-operated machine at Regal China last week remained a mystery until Antioch police discovered that a subject used \$30 in quarters to pay the bond for another offense. That "put the pieces together."

Antioch Police Chief Chuck Miller explained that at 8 a.m. last Wednesday, police received a call from Regal China reporting theft to coin-operated machines.

Apparently, sometime at night someone broke into the machines and took a large amount of coins. Lt. Tom Fisher investigated and obtained the screwdriver used to pry the machines open. Fisher checked for any fingerprints.

He also checked into the names of the employees who had access to the machines.

Village news

Meeting on 'water deal' next Monday

The village water supply to Oakwood Knolls will be discussed at 8 p.m. next Monday at a "utility meeting" at the Antioch village hall.

"It is imperative that some members of the Oakwood Knolls Water Association be present," said Village Clerk Marilyn Sterbenz. The agreement between the village and the association will be discussed.

The Salem township office also is being notified because of water supplied into Wisconsin.

'Dishes rattle' as trucks go past homes

Large trucks, "semis," rumble down Orchard

Street and residents say their dishes rattle ... may-be fall off the shelves.

That was one of the problems brought before the village board Monday night.

One resident said there formerly was a 10-ton load limit on the street, but it apparently is no longer in effect.

Mayor Michael J. Haley told the residents that the village public works committee would look into the "load limit" situation and try to solve the problem at next Monday's public works committee meeting.

Trustee Vern (Barney) Barnstable and Superintendent of Public Works Walter Shepard will study the situation.

ONE-LINER

There's this to say about the average taxpayer: He's alive and kicking.

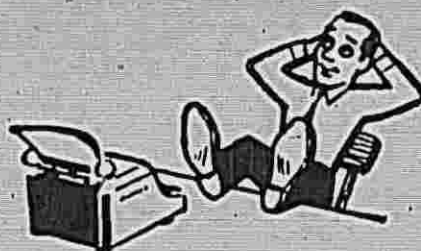

IT'S A SMALL WORLD. While dining in a restaurant in Wisconsin Dells last week, I walks Father Gene Keusal, formerly of St. Peter's parish and once a columnist for the Antioch News.

The owner of the restaurant was Father Keusal's cousin. We had a long chat with our good friend, who left St. Peter's for a Waukegan parish but now is at St. Joseph's in Wilmette. (He still receives the Antioch News to keep posted on what we're doing ... thought the sawmill was a super project, he said.)

We're hoping to see Father Gene at the Antioch Lions Club golf tournament in Fontana, Wis., Aug. 23. Hope one of you Lions is inviting him.

With Father Gene in Wisconsin Dells, incidentally, was Father Jerry Horton, who grew up in Antioch and now is a priest in Pocatello, Idaho.

the Pfarr Corner

No column this week. Pfarr went for a bike ride, took a spill and broke some ribs. (It only hurts when he laughs.)

I see him slumped over his desk a lot, but I didn't realize he typed with his ribs.

Street paving bid accepted

Liberty Asphalt Corp. of Grayslake was the successful bidder Monday night for the village of Antioch's street resurfacing program.

The firm will be awarded a contract to resurface the public works yard and various village streets for a total of \$21,700.

Dieting No Secret—Just Eat A Bit Less

Everyone needs proteins, carbohydrates, fats, vitamins and minerals in the daily diet. Without them, the body can't function efficiently and health may be endangered.

A pamphlet of the American Medical Association points out that the secret to a successful reducing diet is not a dramatic shake-up in your eating habits—it's just a little bit less of everything.

Of course, if you want to lose weight, there are some extravagances you can't afford, like whipped cream-topped chocolate double-dip sundaes. Discretion and common sense is the better part of dieting.

You're more likely to stick to your diet if you balance and vary the menus. Select foods from the four broad categories of (1) the milk group—milk, cheese, and ice cream (2) the meat group—beef, veal, lamb, pork, poultry, eggs and fish (3) the vegetable-fruit group—fruit and vegetables rich in Vitamins A

and C. (4) the bread-cereal group—whole grain, enriched or restored.

Special low calorie foods can be helpful. They will give a bit more food with fewer calories. Exercise is of value while dieting because it tones up your muscles and tissues and helps burn your stored calories. You can exercise in a reducing salon, at the Y or at home. Beware, however, of over exertion.

Crash diets usually are not recommended. You can and probably will lose weight, but you won't get all the nutrients you need to stay healthy. And you certainly cannot stay on a bizarre crash diet the rest of your life. When you resume normal eating patterns, the fat creeps back. An adjustment of the regular lifestyle of eating is the only effective weight control program in the long run.

Money is available for seniors, parks

The availability of federal money - for planning a senior citizens center and for improving Williams Park - was discussed at Monday night's village board meeting.

Trustee Don Amundsen said there is \$53,700 in federal funds available to the village and township as "the first step" for the planning of what hopefully could be a senior citizens center.

Village officials, and Jim Fields, township supervisor, will meet to consider

the possibilities.

Meanwhile, the village board authorized payment in the amount of \$500 to the Chain-of-Lake Senior Services to assist that group with its programs. The money is from revenue sharing funds.

Regarding Williams Park, Amundsen said \$17,000 in federal funds can be spent on improvements within the next year. He is urging the village park commission, which meets at 8 p.m. on July 26, to plan what improvements might be included.

CLC to offer prep courses for GED test

The College of Lake County will offer several classes this fall to prepare persons for the high school equivalency exam.

The special classes will allow students to practice those skills needed to pass all five areas of the General Educational Development (G.E.D.) Test.

After passing the G.E.D. Test, a person receives a high school equivalency certificate, the adult alternative to a high school diploma.

College of Lake County classes in G.E.D. preparation feature individualized help to let each person progress at his or her own rate. Students are helped in the areas of English, social studies, natural sciences, literature and math.

Beginning Aug. 23, sever-

al G.E.D. classes will meet on the college's Grayslake campus. Additional G.E.D. classes will be offered by the College in Waukegan, Mundelein and Zion.

G.E.D. classes are scheduled for various times throughout the week to allow as many persons to attend as possible.

Because the College of Lake County also serves as a G.E.D. testing center, students may take the G.E.D. exam whenever they believe they are ready.

For more information about the G.E.D. program at the College of Lake County, call the College's Developmental Services Division at 223-6601, ext. 490.

Savings and Loan earns national recognition

Antioch Savings and Loan Association has achieved national recognition as a leader in the Savings and Loan Industry.

Recently, the Chicago Sun Times reported that a study based on earnings performance ranked Antioch Savings in the top 10 percent of all U.S. Savings and Loans in its asset size category.

The Association achieved a very high 1.59 percent return on average assets, placing them in the "high performance" category.

THOMAS J. KELLY, president of the Association, said that profitability is vital to the protection of savers at the Association. He said savers should concern themselves with earnings rather than size when choosing the best place to save their hard earned money.

Kelly attributed the Association's success to a very health local economy, a hard working efficient staff, expense control and a high degree of single family lending.

DESPITE THE ASSOCIATION'S emphasis on profitability, Antioch Savings has doubled its asset size over the past two years and is currently planning an additional full service facility in the very near future at Grass Lake Road and Rt. 59.

Kelly said that growth has never been a substitute for earnings, but growth supported by strong earnings is the measure of a sound financial institution.

The village board also renamed Quality St. to Wilton Ave., in honor of Robert Wilton, who was mayor from 1973 to 1977.

New use for school buses decided upon

By LINDA BARNES

School buses belonging to Antioch Grade School District 34 will now be leased to public groups for public use.

That decision was made at last week's school board meeting.

Dr. Skidmore, superintendent, said the board will reserve at all times the right to decide what groups do ride in the buses. He will present the board with a policy for the leasing of the buses in the near future.

WHEN QUESTIONED by Mr. Jimmie Quedenfeld, school board member, as to how the board's insurance policy will handle this, Dr. Skidmore said there would be no problem whatsoever.

Whoever rides in the buses is covered by the policy, he said.

"I think it's a good public service and good use of school buses," said Dr. Skidmore.

BIDS FOR THE DISTRICT'S fuel oil and milk supplies have been accepted by the board for the school year 1978-79. A bid from Fox Lake Dairy at 9.49 cents per half-pint for white milk and 10.49 cents per half-pint for chocolate milk has been taken. A bid from Gaa Oil at 40.9 cents per gallon has been taken for fuel oil. This includes a 6 1/2 cents per gallon discount from the company.

Since the board only received one reply for gasoline bids, Mr. Ron Chilcote, business manager, asked for a re-bidding with his assurances that he will have results by no later than Sept. 5. Approval for re-bidding was granted.

NEW VALVES will be installed in the plumbing system at Oakland School with hopes of eventually putting in a new pump. The valves will make it possible to add on a new pump at some later date without having to shut down the pump completely.

Mr. Quedenfeld suggested that the price of a new pump be investigated now so that if problems are encountered during the school year, a new pump can be quickly installed.

Salary increases for the administrative staff for the school year 1978-79 have been approved by the board. The

raises are differentiated from a low of 3 percent to a high of 7 percent.

THE RESIGNATION of Alexis Spangler, a girls physical education teacher at the Upper Grade School, has been accepted by the board. Her position will be filled by Jan Mason. Miss Mason is a recent graduate of Illinois State (May, 1978) and has a background of active participation in sports as well as coaching. Her starting salary will be \$10,200.

The resignation of Julia Haney, speech therapist, has also been accepted "with regrets."

POSSIBILITIES for equipping school kitchens within the district to prepare and serve meals were also discussed. Dr. Skidmore informed the board that there is a non-food assistance grant available in which 75 percent of the cost of equipping the kitchens would be reimbursed. The board granted Dr. Skidmore permission to make an application for the grant. Dr. Skidmore said the board could expect a reply by approximately January of 1979.

Antioch's grade school board unanimously voted to accept the resignation of former school superintendent Mr. Henry Meyer as an employee of District 34.

His resignation became effective July 1, 1978.

Mrs. Gail Heath, school board president, read Mr. Meyer's letter of resignation at the Aug. 1 meeting, after which Dr. Donald Skidmore, present superintendent of the district, suggested the resignation be accepted. Little discussion of the issue ensued before a motion was made, voted upon and approved.

WHILE STILL MAINTAINING that he held a legal claim to a teaching position in the Antioch schools, Mr. Meyer wrote in his letter that he felt further controversy over the issue "would have a negative effect regardless of the outcome."

The meeting ended with discussion and analysis of the board's tentative budget, presented by Mr. Chilcote.

Women of the Moose

The Antioch chapter of the Women of the Moose has been accepted by the board. Her position will be filled by Jan Mason. Miss Mason is a recent graduate of Illinois State (May, 1978) and has a background of active participation in sports as well as coaching. Her starting salary will be \$10,200.

HAPPENINGS

"Pilgrim's Progress," a feature motion picture based on the famous book, will be shown this Sunday at 8:30 p.m. outdoors at the Antioch Evangelical Free Church, Highview & Tiffany, Antioch.

Second only to the Bible

itself in volume of sales, "Pilgrim's Progress" was written three centuries ago by John Bunyan, a common man by trade and lifestyle. Runyan nevertheless became an astute student of the Bible.

As a result of his studies,

he voiced sharp disagreement against many of the religious practices of his day. Although never

brought to trial, he spent 12 years in prison. It was while he was in prison that he wrote the book.

Scenes along the route of the film story include the Slough of Despond, the Cross, Vanity Fair, the Delectable Gardens, and Shepherd's Fields and, finally, the Celestial City.

Along the way with ANNIE MAE

It was nice to hear from T. Earle Somerville, writing from Roswell, New Mexico.

He recalls:

"My father had the first bakery and restaurant in Antioch in 1902, renting the store in the old Antioch Opera House building."

"I remember 'way back when,' because I am now 80 years old, Mr. Somerville says.

"At that time," he relates, "there was a drinking fountain on the corner of Lake and Main, from which everybody got a drink. It was piped in from Waukesha, Wis., to Chicago for the first Chicago World's Fair and went through Antioch. This was before Antioch had running water ... the fair was held in 1892 or 1893. Whatever happened to that drinking fountain?"

Mr. Somerville said hello to some of the "old timers," John Horan, Robert Wilton Sr. and Mrs. Jennie Sibley Hawkins.

"I see the Lake County Fair is in its 50th year," he added. "I think they are mistaken. The County Fair started in 1915, or near that date. I do remember that Charles Sibley had a horse named Little Wonder. His daughter, Jennie Hawkins, can verify this."

NEXT TUESDAY, Aug. 15, will be the 52nd wedding anniversary for Jim and Phyllis McMillen. Can't think of many couples Antioch likes better than those two.

Lots of birthday celebrations planned Sunday, Aug. 13. Getting a year older, but not looking it, are Neil Lulofs, Diane Periman and Barb Rush. Mark Kasik also has a birthday on Sunday, and Julie Ann Cunningham will have eight candles on her cake.

Dean Martin, I hear, is 60 and fermenting.

LAST WEEK'S QUESTION of how Ida Avenue got its name was answered by Mrs. Eileen Biron, who lived on the street for 25 years and now lives on Rte. 83.

Nauta, Marsh take part in exploration

WHITEWATER - Mamie Nauta and Irene Marsh of Rainbow Lake Manor, Antioch, took part in the University of Wisconsin-Whitewater Educational-Vacation Program, "Exploring Northeastern Wisconsin: Its Art-Architecture, Geology, and History," offered July 17-29.

The program included eight hours of classroom participation in each of the three course areas and four days of field trips to sites throughout Northeastern Wisconsin. While they studied on campus, participants lived in Clem Hall and were able to take side trips throughout the White-water area, school officials said.

Touring by bus during the second week, they visited Door County, the Fox River Valley, and made a boat tour of the Wisconsin Dells.

They spent two nights on the St. Norbert College campus and two at UW-Oshkosh and made trips to Cedar Grove's Dutch Festival and Het Museum, the Old Wade House and Carriage Museum in Greenbush, the Von Stiehl Winery and Living Lake Exhibition at Algoma, the National Railroad Museum in Green Bay, Oshkosh Paine Art Museum, and the Surgeon's Quarters at Portage.

This Educational-Vacation Program, limited to persons 55 years and older, attracted enrollees from Phoenix, Omaha, Antioch and Zion, Ill. and the Wisconsin communities of Belleville, Kenosha, Madison, Milwaukee, Racine, Watford and Whitewater.

The Wonderful World Of Tomorrow

Automobile experts know that one way to save energy for the future is to have lighter cars. They also know that one way to have lighter cars is to make more parts of plastic. It has been predicted that by 1980, there will be 400 pounds of plastic in every car.

An increasing number of plastic plates will probably be seen on American tables. That's a pretty healthy idea since they can't develop the unsanitary, dirt-collecting craze-cracks that china can.

It has been predicted that by the year 2,000, the plastics industry will contribute so much to the American economy that it will account for 7.2 percent of the Gross National Product and employ 1.3 percent of the labor force.

All about town

By LINDA WALKER

Did you find any bargains during Maxwell Street Days? If you didn't, it was no fault of the merchants. They had everything out for sale from nuts and bolts to winter coats. It was unreal in town during the three-day summer sale. The people were sandwiched together trying to move from store to store. And to complete the weekend of fun was the annual Lions Club Picnic on Sunday.

I'm not a great lover of chicken, but the Lions have a way with birds - they come out delicious.

MY GOOD FRIEND, Bonnie Litchfield, marketing officer at The First Bank, will be leaving Antioch in the near future.

Bonnie and her husband, Jim, will be relocating in South Carolina due to an advancement in Jim's job.

I'm sure you'll agree with me that Bonnie will be missed not only in her business capacity but also her tremendous dedication for outside activities.

South Carolina will be gaining a remarkable couple.

AVANTI RISTORANTE (formerly Tony & Lill's) has added live entertainment on Friday and Saturday evenings.

Steve Kaiser, who is well known around town as an accomplished pianist and organ player, is featured every weekend, and with a little encouragement you can delight in hearing your hostess Jennie Murphey's beautiful voice.

While talking with Jennie and her husband, Dick, Jennie surprised me by singing one of my favorite Barbara Streisand hits, "On a Clear Day," unaccompanied, unanything - simply her own unique tone.

I told her I wouldn't have the courage to sing "Happy Birthday" without another voice drowning me out.

But seriously, for an evening of great dining and entertainment visit Avanti Ristorante soon.

GATES OPEN today, Wednesday, for the Kenosha County Fair. Head out to Wilmot, Wis., for five days of judging, rides and grandstand attractions thru Sunday, Aug. 13.

All the country and western fans will enjoy hearing Barbara Fairchild, this year's main grandstand attraction.

THE ANTIOCH Children's theatre's production of "The Red Shoes" begins this Friday at the Scout House.

Publicity director Patricia Sershon said there is a limited seating capacity so reservations should be made for this all-time favorite children's play written by Hans Christian Anderson.

Bob Gagnon of Timber Tables had a super looking booth at the Lake County Fair. Many viewers commented on the realistic effect his hand-made redwood furniture had among the grass and ferns.

Bob also has some interesting stories about the fair. Next time you see him, ask him to tell you.

HARD TO BELIEVE SUMMER IS ALMOST OVER. Dana Tonyan, who works for Candlelight Galleries, mentioned that the ducks are stopping off in Grays Lake already. Could they possibly be telling us we're going to have an early winter?

With that note of good cheer, I leave you for this week.

PRACTICING FOR THEIR UPCOMING production, "The Red Shoes," members of the Antioch Children's Theatre are Laurie Ott (front row from left) Ken Leahy, Robin

Miller, Debbie Jones, Chris Quinn and Eddie Roman. It opens Friday at the Scout House. (See story in today's paper.)

Children's play opens Friday

Director Charles Brown has announced "The Red Shoes," a production of the Antioch Children's Theatre, will be presented with what he calls, "some of the finest young talent in the area."

The production is scheduled to open Friday at the Scout House. Reservations are being taken at 395-2160 daily. Ticket prices are \$2 and \$1, and 75¢ for groups of 10 or more scouts in uniform. Curtain times are 7:30 p.m. this Friday and Saturday, 2 p.m. on Sunday, and 3 p.m. and 7:30 p.m. on Saturday, Aug. 19.

The story of "The Red Shoes" concerns a little girl named Karen (played by Lori Ott) and her

dealings with "The Old Soldier" (Bill Slater).

Karen is an orphan roaming the towns around Copenhagen, Denmark, in the 1800's. She meets up with "The Old Soldier" who seems to know things before they happen. The Old Soldier promised Karen a pair of red shoes just like the princess (Chris Quinn) has. "See the show to find out what happens to Karen and her red shoes," director Brown said.

"Much can be learned from Hans Christian Anderson about morality in children of any age. He has made it fun to be a child, and fun to watch his stories unfold before an audience," said Patricia Ser-shon, publicity director.

Belly dancing: fascinating feature of Faire

By LINDA BARNES

At King Richard's Faire (east of Antioch at state line), you can leave the contemporary world of midwestern USA and be transferred to the blossoming world of Renaissance Europe.

Within this Renaissance world of minstrels, wizards, jugglers and troubadours, you can be wondrously lifted to the mysterious, exotic lands of the mid-East.

Through Dance Fantasia '78, a dance ensemble of independent, professional belly dancers, you will find yourself mesmerized by the graceful, flowing motions of the dancers ... and totally oblivious to all else that surrounds you.

TO THE DEEP, soulful rhythms of African drums and the occasional strains of flute, the belly dancer (or dancer orientale, as they prefer to be called) will completely hold your attention. You will feel compelled to follow the movements of every part of her body: the emphatic turns of the hips, the sensual undulations of the stomach, the fluid, swaying movements of the arms, the quick yet graceful flicks of the wrists.

The dancers' costumes also draw your attention; in many ways they accentuate the dancers' movements.

LAYERS OF SASHES, scarves, tassels and strung coins wrapped and hung from layers of long, wide, full skirts accentuate the hip movements and flow around the body as the dancer twirls about. Full, sheer, balloon-like pants are worn under the skirts. The top is usually covered with layers of sequins or coins.

The jewelry, most of which comes from the mid-East, is worn all over the body: on the forehead, ears, neck, waist and up and down the arms. Tassels frequently decorate the hair. Occasionally, a shawl is worn on the shoulders or in the traditional Arabic style, on the head and wrapped about the face to cover the mouth and cheeks.

Parts of the costumes have been imported from various middle-East countries. Others have been researched by the dancers and scrupulously copied.

AS ONE WOMAN DANCES, the others will occasionally make a somewhat shrill, high-toned sound called a Zaghareet. The hand is cupped over the upper lip and the sound ululates as the tongue rapidly hits the upper palate. In the Mid-East, this call is used in many ways (for example, as a greeting or a warning against danger). But with the dance, it is a way of telling a fellow dancer that you like and are enjoying her performance.

There are many, many types of dances. The sword dance, traditionally done at weddings, ostensibly to "cut away" evil spirits from the couple's new life, is certainly a fascinating one.

IN THE SWORD DANCE, the dancer will perfectly balance a sword first on the head and later on the chest or hip while still dancing ... and maintaining perfect tempo with the drums. As the dance continues, the woman smoothly descends to her knees, bends as far backwards as she can and then rolls onto her stomach while still balancing the sword on her head. The dance is meant to portray a woman's conquering of the sword. In her triumph, she prays that her husband should not be killed by the sword.

The cane dance, called Zar, is from Egypt and is used there as a form of exorcism. People who believed themselves to be overtaken by evil spirits would do the dance to remove the spirits from their bodies.

THE ZAR DANCE involves a good deal of wild head throwing, which apparently contributes to the dancer's loss of consciousness.

Deanna Anderson, from Milwaukee, who performed the Zar dance at the Faire, said that the dancer must let the rhythm carry her.

"YOU MUST FEEL it through every bone and fiber of your body," said Deanna, who after performing the Zar dance at the Faire, collapsed to the ground for a few minutes. This, she later explained, is necessary for purposes of recuperation from the trance which the dance frequently brings about.

"The rhythm brings you to places you've never been before," said Deanna. Deanna claims that she can do the dance until she literally passes out.

Andrena Ries, from the Chicago area, said the Zar dance "does work" and that a person does feel "much freer" after doing the dance.

Andrena, who has been dancing professionally for about nine years, has performed in a number of clubs in Chicago as well as on television.

WHEN ASKED HOW she had become involved with the dance orientale, Andrena said, "It's one of those little childhood dreams come true. I've always admired anything from the mid-East."

Andrena, who is a mother of four, claims that her introduction to the dance orientale and the culture of the mid-East has entirely changed her life. Her family is very much in favor of her dancing.

"Basically, they're very proud. It took some adjusting on their part, with the transition from mother to professional dancer," said Andrena.

THE GRACEFUL, FLOWING motions of professional belly dancers bring a mid-East atmosphere to King Richard's Faire, which closes its summer run Saturday and Sunday east of Antioch.

Two of Andrena's students, Thea and Shamara, also performed at the Faire.

Thea, from New Lenox, Ill., said that she became involved with the dance orientale through park district classes.

Shamara, from Peru, Ill., has a background in exercise and yoga programs. Upon seeing the dance orientale, she thought this would be the best exercise imaginable. Shamara claims that her husband loves the dance orientale and is trying to learn the drums so that he may join her.

THE ORGANIZER of Dance Fantasia '78, Myr-na Hilliard, has been dancing since age six. Her first contact with dance orientale was during a trip to Algeria which she took in 1969. There she went to a festival in which much of the Algerian folk dance was done. Upon seeing the dance orientale, she instantly knew that she must pursue and master this type of dance.

"I decided I gotta have that. I gotta do that dance," Myr-na said.

She filmed the dancing, brought it back to the U.S. (Her home is in Union Pier, Mich.), and studied its techniques and approaches.

As she became more and more involved in the dance, she began to seek out instructors, eventually studying

under the greatest masters in dance orientale in the United States and Canada.

A SECOND TRIP to Morocco brought Myr-na to the Marakkeh Folk Festival where representatives from all of the tribes of the country came to the Grand Royal Palace to perform dances unique to their ethnic groups.

Myr-na's passion for the dance orientale ... and her fine, elegant, dignified mastery of the dance ... have apparently been facily transmitted to her two children. Her son, George, dressed in an African robe, is one of the group's drummers.

Her daughter, Kim-ee-koo, dressed in traditional mid-Eastern style, dances as splendidly as any of her adult companions. At age nine, she shows much of the poise and subtlety and ease of movement of her mother. This was, Myr-na suggested, probably absorbed by Kim-ee-koo from simply being around her mother.

It was quite obvious that the dancer who drew the most camera-snapping from that far-away land of King Richard's Faire was little Kim-ee-koo and her exceptional talents and charms.

Foster homes needed for neglected children

Central Baptist Family Services of Lake Villa announced that the need for foster homes within Lake and McHenry Counties is critical.

Homes are needed for children of these two counties who are unable to reside with their own families for temporary or extended time periods.

Central Baptist Family Services is a non-sectarian Child Welfare Agency that provides most of the foster care services for the adjoining counties.

CHILDREN IN NEED OF HOMES have been judged as dependent, neglected, abused, or minor in need of supervision. On a smaller scale, the agency seeks homes for some retarded children who need the sense of belonging to a family for healthy development.

The children requiring home placement vary in ages from infancy through teen years. Jackie Mansholt, resource coordinator, reports that it is most difficult to find homes for teens, for siblings and for developmentally disabled youngsters.

Foster parenting differs from adoption, Jimmie Smith, program supervisor explained. "Children need substitute parents until the child can be reunited with his own family, or, if necessary, until another permanent plan can be secured in the best interests of the child."

"FOSTER PARENTS HELP a child work through the difficult trauma of separation from his or her own parents, and by the acceptance and concern received from the foster family the child slowly gains a sense of trust in others and grows in self-confidence," he added.

Smith said that married or single adults who are at least 21 and who have extra space in their home and are willing to share their home, love and family with a child may

Swim Team captures title at Invitational

The Antioch Swim Team, sponsored by the State Bank of Antioch, placed first in a group of five teams at the Antioch Invitational meet last Sunday.

Coach Carol Berry said for their third consecutive championship of the Invitational, the Antioch team scored 280 points, followed by Libertyville, Brentwood, Waukegan Park District and Kenosha Recreation with respective scores of 224, 207, 92 and 79.

NINE NEW MEET records were set, three of which were set by Antioch swimmers. Shelly Volling set a new record in the 141 under two length backstroke with a time of 44.5, breaking the old record of 45.8.

Ted White set the 141 under two length butterfly record with a 40.6, beating the old record by nearly two seconds.

Another Antioch swimmer, Julie Konchan, set the 121 under one length breaststroke record by 0.4 seconds with a time of 25.2.

OTHER RECORD BREAKERS were B. Gilbert, S. Rowland, M. Afflerbaugh and A. Klausego from Libertyville; M. Mulaw and J. Davis from Brentwood and C. Runge from Kenosha Recreation.

The Antioch swimmers took 15 firsts of the 50 events, but kept up with 26 seconds and many thirds, fourths and fifths, all of which score points, Berry said.

Sue Harrison led the team with three firsts while Kaky Kelly, Shelly Volling and Julie Konchan each took two.

Single victors were Russ Ivy, Kerry Kelly, Melissa Peterson, George Bessette, Ted White, Matt Ludwig, John Bellucci, Brian Wogsland, Rafie Wilkinson, Kris Stanczak, Bob Sutton and Ted Bessette. The latter four swimmers teamed up with Konchan, Kaky Kelly and Harrison to win their free relay events.

"THE ANTIOCH TEAM is very proud to win the Invitational and all the parents should be equally proud of the way their sons and daughters swam to make the victory possible," head coach Marty Berry said.

The record breaker and party will conclude the 1978 summer season and all swimmers can take home the satisfaction of a successful year, she added.

Drivers' tip given for Wisconsin fair

MILWAUKEE - The increase in Wisconsin State Fair attendance in recent years has resulted in occasional back-ups on expressways, and traffic tie-ups leading to gates.

State Fair Police Chief Thomas Winslow has a tip for visitors who plan to drive to the fair, and who will approach from the east on I-94 or from the south on I-894.

Winslow urges drivers to use the first state fair exit they see, which would be National Ave. off I-894 or 68-70th St. off I-94.

In past years, too many people waited till they reached the second exit, thinking that "closer to the fair is faster." It really isn't, Winslow said. The

distances from expressway exits to State Fair gates are only a few blocks. With the help of added signs on West Allis streets, cars will be directed to gates which are most easily reached.

There's nothing inexpensive about a trip to the hospital

In fact, rising medical costs may have already outstripped your present health insurance.

So before you're faced with a high-priced bill and economy class insurance, get Medical Catastrophe coverage from Country Life.

Medical Catastrophe picks up where basic hospital and medical coverage leaves off.

Don't let unpaid medical bills make things rough when you're on the road to recovery. First take a trip to see your Country Companies agent for the facts on Medical Catastrophe insurance.

Collins wins races at Speedway

Antioch's Don Collins won his second late model 25-lap feature Saturday at the Waukegan Speedway. Heat winner Alex Petropoulos won the 12-lap hobby stock feature. Collins also won the late model feature held Friday.

Heat winner Bill Bain broke out on top in the late model main event Saturday and held the lead until lap eight following a yellow flag brought out because of Steve Hamilton's spin in turn three. Danny Brown roared in front on the restart and held the top spot until he spun just prior to a caution on lap 10 due to Hamilton's losing a wheel.

COLLINS TOOK OVER on the restart with Brown being put in the rear. Jim Couch took second with Bain third and Brown, who was clocked in the 18 seconds through traffic, recovering for fourth.

C.J. Lindholm set fast time with a 20.28 clocking. Ron Shearer won the trophy dash with Antioch's Tom Homan winning the second heat.

On Friday, Collins led from start to finish with trophy dash and heat winner John Provenzano second. Homan outfought Frank Slabenak for third.

Stanley Brown, in his son Danny's car, won a match race over Don Collins Sr., who drove Don Collins' No. 4.

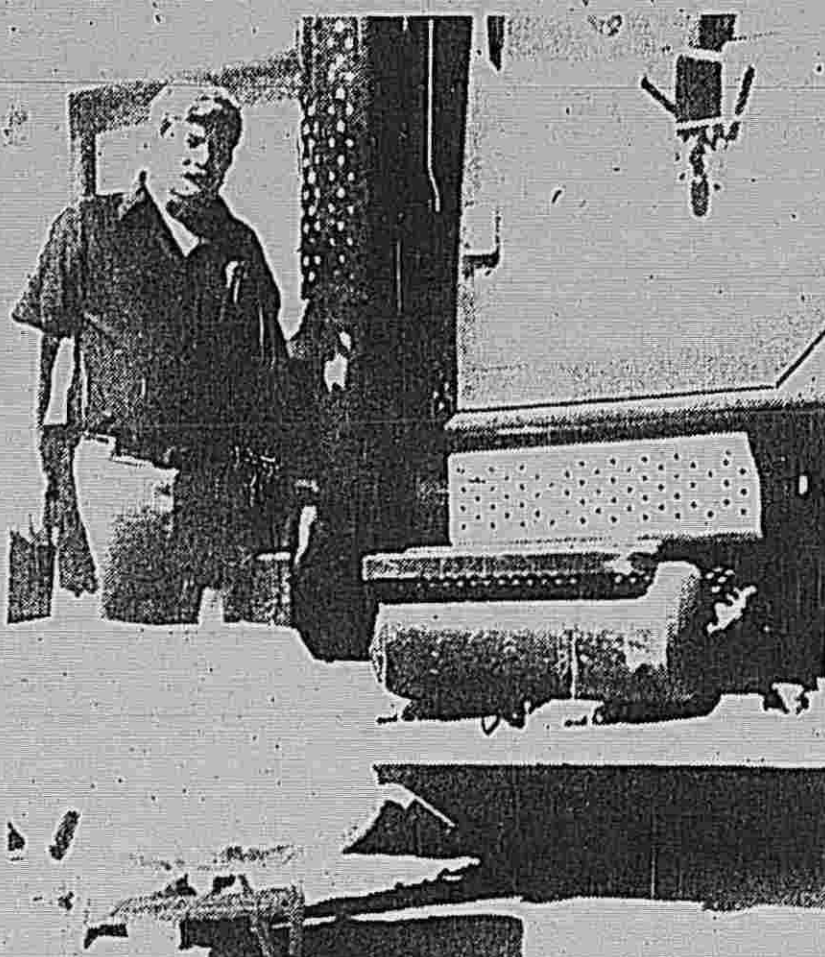

Ruthie Hennins, Collins' fiancée, drove his car to victory in the "Powder Puff" over Alice Hudson. Donna Brown Vi Badgley.

DEFENDING SUPER-MODIFIED champion Bob Robel won the 25-lap Interstates Racing Association feature at Waukegan on Sunday night.

Late model champion Collins had a clean sweep of his division. Alex Petropoulos won the 12-lap hobby stock

feature.

The modified feature was one lap old when Gene Pennington hit the first turn wall, knocking him out of competition. On lap three a second yellow flag came out when Tom Sexton hit the front straightaway wall. Sexton was only shaken up.

IRV BUCHTA, president of Fox Trucking Co., shows off a wheelbarrow full of booze which his company donated to the Lions Club auction. The money from the whiskey, vodka, bourbon and beer will be given to the Antioch Rescue Squad.

Youngsters can sail with Sea Cadets

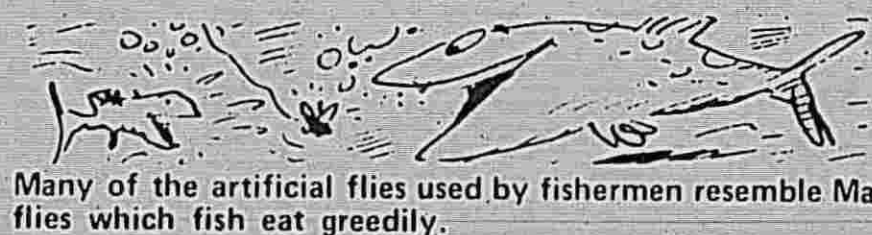

All young men and women between the ages of 11 and 17 are invited to sail with the Lake County Naval Sea Cadets.

The Cadets sail every Tuesday through Sept. 12 from the Great Lakes Naval Training Center Boat Basin on yachts graciously provided by

area residents.

Parents are welcome but they should not expect to sail, Naval officials said.

Everyone should be at the Boat Basin by 7 p.m. for the two-hour sail commencing at 7:15 p.m. For further information call: Cadet Lynn Carey at 234-0786 evenings or Thom Burns at 688-3315 days.
